

	<ul style="list-style-type: none"> * ELECTRIC DESK & TABLE FAN – The small, compact size (10.7 x 10.9 x 6.1) of this mini fan fits perfectly on desktops, tabletops, and counters - making it ideal for fast, personal cooling in bedrooms, offices, garages, RVs, and dorms. * SELF-STANDING PORTABLE FAN - The adjustable 90° tilt angle gives you even more control of airflow at your bedside table or office desks. Lightweight (3 lbs.), it can easily be moved around the home. * QUIET, 3 SPEED AIR CIRCULATION – Customize the airflow exactly the way you like it at home or work with High, Medium, and Low settings. Stay cool and comfortable on hot, humid days without distracting noise. * EASY TO USE & ACCESS CONTROL PANEL – Just plug in the 5 ft. power cord and create your own cool breeze in seconds! No assembly is required. The settings of the durable blade are adjusted quickly and simply right from the back of the fan. * GUARANTEED SATISFACTION – BLACK+DECKER products come with a one-year warranty for parts and labor, so you can feel confident with your purchase. This fan is ETL safety certified and approved. <p>22.45\$</p> <p>Brand : BLACK+DECKER Color : Black Electric fan design : Table Fan Power Source : Corded Electric Style : Modern Product Dimensions : 6.1"D x 10.7"W x 10.9"H Room Type : Bedroom Special Feature : Manual Recommended Uses For Product : Office, Bedroom Mounting Type : Desk Fan, Freestanding</p>
	<ul style="list-style-type: none"> * Circulation power for your entire room: Dreco's WingBoost system combines deep-pitched blades and aerodynamic design to propel air as far as 70 ft, helping your desk fan to circulate air throughout your whole room and cooling large areas faster than traditional desk fans. * Adjustable tilt, ideal for use in multiple rooms: Manually change the angle within a 120° range to direct your cooling fan air wherever you are. This circulator fan is the perfect companion for your kitchen, bedroom or living room on those hot summer days. * More than just an air circulator: With 3 built-in speeds by knob control, you can find the right setting; whether you are across the living room or want to place your fan in front of your desk, you can always get the comfort you need. * Feel the wind without the noise: If you are looking for a desk fan to enjoy cool but quiet sleep, this is a fantastic choice, by integrating NACA technology and bionic design, this bedroom fan moves air more efficiently and reduces noise down to 28dB, perfect for a comfortable sleep without loud fan noises. * Super easy to clean, always ready to go: You can use this table fan straight out of the box, hang it on the wall for uninterrupted air circulation, or use it in multiple rooms with its extra convenient base

	<p>and handle design. Parts can also be easily removed for cleaning to keep your air always fresh.</p> <p>* Save energy every season: Pair it with multiple appliances to increase efficiency and reduce your energy bills. Air circulators increase the effect of air conditioners, space heaters, humidifiers, and purifiers by moving the air faster around the room. (Fan Diameter: 9" Head, 7" Blade).
